

# Dreamer

Chris Brown

What Do i Do.. Stop, Go, Fail, Succed? Live or Die? I Just Got To Believe

Believe its worth saving  
And to get lost, lost in a day dream  
So why hesitate  
Take me to another place  
So far far away  
So i can get out of the dark  
High speed, like I'm racing  
It's like lighting, sky is blazing  
But you've lost your way, You've been lead astray  
Are there better days for my fallen dreamer

Calling a Dreamer (A Dreamer A A A Dreamer (2x))  
Calling a Dreamer (A Dreamer A A A Dreamer (2x))  
(You don't sleep no more) You don't even sleep no more  
(Dream no more) You don't even dream no more  
Dreamer (Dreamer)  
Why don't you just dream again

Believe in you  
You got something to prove  
Your a star  
Watch you shine bright on your way to the limelight  
Finish line  
The sweat and tears  
You can channel all of your fears  
Open your eyes  
Your eyes  
And it will be alright
