

Drunk Texting

Chris Brown

Said I'm all up in my feelings
Cover them on the shot
Got me feeling some type of wave
Told you I hate you, I don't mean it
And the only thing that I got
It's the pain that you've been feeling
Faded, faded, faded
All because of you
In my current situation
Try not to think of you
Not to break the rules
Why it always happens when I give up this quest
Just can't stop myself
So I beg you tonight

I'm blowing up your line
I got you on my mind
And the truth is hard to fight
So I'll be

I'll be Drunk texting, Drunk texting
Drunk texting you
Drunk texting, Drunk texting you, yeah baby
I'll be Drunk texting, Drunk texting
Drunk texting you
Drunk texting, Drunk texting you

Drunk texting you
Drunk texting you
Drunk texting you
Drunk texting you

Looking at my phone thinking
Am I gonna hit send or not?
It's gonna be one the mornings
When I wake up and regret it
If I ain't get no reply
I don't wanna make it out of you
So I'm Faded, faded, faded
Often drinking too
And you know how it goes
This is ain't nothing new
Why it always happens when I give up this quest
No, I Just can't stop myself
So baby tonight

I'm blowing up your line
I got you on my mind
And the truth is hard to fight
So I'll be

I'll be Drunk texting, Drunk texting
Drunk texting you
Drunk texting, Drunk texting you, yeah baby
I'll be Drunk texting, Drunk texting
Drunk texting you
Drunk texting, Drunk texting you

Drunk texting you
Drunk texting you
Drunk texting you
Drunk texting you

Intoxicated
Intoxicated
This one I think of you the most
Right after the towel anything goes
When I put my proud aside
I be doing the most, doing the most
I just spent 1, 2, 3 AM thinking about you
Don't wanna be without you
Cause I'm on that liquid cause I hope this sh*t is worth it
Cause if it ain't it's all bad, all bad

So baby tonight

I'm blowing up your line
I got you on my mind
And the truth is hard to fight
So I'll be

I'll be Drunk texting, Drunk texting
Drunk texting you
Drunk texting, Drunk texting you, yeah baby
I'll be Drunk texting, Drunk texting
Drunk texting you
Drunk texting, Drunk texting you

If a body makes you lie to next some one else right
Girl I, I, I hope is the worst sex ever
The worst sex ever
