

# Freaky Shit

Chris Brown

Drumma Boy  
On that freaky shit tonight  
Can we do it for hours (Oh girl)  
Said me follow you right, to the bedroom  
We gon do that freaky shit you like  
Once more, one more, I know you ready for that freaky  
I think you ready for that freaky

They might have to separate us  
Girl you sweating off your make-up  
Damn I know the neighbours hate us  
When we start making love

Cause we on that freaky shit tonight  
Can we do it for hours? Oh girl  
Said me follow you right to the bedroom  
We gon' do that freaky shit you like  
Once more, one more, I know you ready for that freaky  
I think you ready for that freaky

Girl it's a couple hours later  
Baby I got you paralyzed from the waist up  
Off that loud and we on our way up  
You wanna see me just work it out, put it up, right there oh  
Can't nobody come between us, it's the best I ever had  
Go up and down and round round, I wanna see you throw it back  
Baby let me be your saviour when you're drowning in the sheets right  
now  
Don't give a fuck 'bout what they say

Cause we on that freaky shit tonight  
Can we do it for hours? Oh girl  
Said me follow you right to the bedroom  
We gon' do that freaky shit you like  
Once more, one more, I know you ready for that freaky  
I think you ready for that freaky  
Cause we on that freaky shit tonight  
Can we do it for hours? Oh girl  
Said me follow you right to the bedroom  
We gon' do that freaky shit you like  
Once more, one more, I know you ready for that freaky  
I think you ready for that freaky

Tonight can we do it for hours?  
To the bedroom, we gon' do that freaky shit tonight  
Once more, one more  
To the bedroom, we gon' do that freaky shit tonight
