

# Froze

Chris Brown

I've lost my temperature  
Where've all my sunny days gone  
Is there any place to stay warm  
It's not easy when your gone  
Tell me how I'm s'pose to go on  
Right now I don't be strong

With the rain  
Comes more pain  
U never know (damn the weather)  
Hard to hide  
When I cry  
This pain inside (ain't ge'n better)  
Body shakes  
I feel so numb (nuuumb)  
I'm shiverin  
Why did you go

My body is froze  
Every part of me cold  
My hearts achin  
And I can't breathe  
Souls breakin  
Minus 31 degreese  
Nowhere else to go  
Froze

My heart stuggles to beat yeah  
I need a life line  
And I would rather die  
Before I, start to freeze yeah  
Live my life in fear, no way

With the rain  
Comes more pain  
U never know (damn the weather)  
Hard to hide  
When I cry  
This pain inside (ain't ge'n better)  
Body shakes  
I feel so numb (nuuumb)  
I'm shiverin  
Why did you go

My body is froze  
Every part of me cold  
My hearts achin  
And I can't breathe  
Souls breakin  
Minus 31 degreese  
Nowhere else to go  
Froze

I am so cold  
My body's frozen  
I am so cold  
Frozen

Froze (my body is froze)

My body is froze  
Every part of me cold  
My hearts achin  
And I can't breathe  
Souls breakin  
Minus 31 degreese  
Nowhere else to go  
Froze
