

Glitter

Chris Brown

Them yellow diamonds in my chain, yeah
That must mean I'm rich!
Them yellow diamonds in my chain, yeah
I got them VVS especially
And you know them diamonds brighter then a bitch
(You know what we do and you know we shine so)
Just watch em glitter, glitter, glitter,
No I won't let up, let up, let up,
Just watch it glitter, glitter, glitter, glitter, glitter
(And I'm shining though)

She said it's nice to meet me,
My chain is clear like Fiji
My diamonds shine in blue and red,
You think that shits in 3d

Yeah, where you wanna go?
Jamaica or Tahiti?
Don't share you with no others.
Love the money plus I'm greedy,
And it's a piece of cake,
I say cause I'm a pro
You little fake boys, it's like Pinocchio
But I'm in Tokyo, getting massages from these hoes
And you can hate but I'm just flying private on these hoes

Them yellow diamonds in my chain, yeah
That must mean I'm rich!
Them yellow diamonds in my chain, yeah
I got them VVS especially
And you know them diamonds brighter then a bitch
(You know what we do and you know we shine so)

Just watch em glitter, glitter, glitter,
No I won't let up, let up, let up,
Just watch it glitter, glitter, glitter, glitter, glitter
(And I'm shining though)

Stacking money to the ceiling, I'm a need a renovation

And you know them diamonds brighter then a bitch
(You know what we do and you know we shine so)
Just watch em glitter, glitter, glitter,

Just watch it glitter, glitter, glitter, glitter, glitter
(And I'm shining though)
