

# Here We Go Again

Chris Brown

Scattered thoughts, scattered brains  
What you know about it baby? What you know about it baby?  
Scattered thoughts, scattered brains  
What you know about it baby? What you know about it baby?  
I've been running round in circles  
And I keep coming back to no one to find  
And I've been dealing with these women  
So confused on these feelings, so I leave them behind  
I've been tryna find different  
But really what's the difference when they see to collide?  
Then she end up in my bed, something that I said  
Then she thought she was mine

Are you still down baby? Still down baby?  
Are you really 'bout that life? Are you really 'bout that life?  
Are you still down baby? Still down baby?  
Is you down for the ride? Is you down for the ride?  
Here we go again, here we go again  
Why can't you let it go? Cause I don't wanna fight, I don't wanna fight  
Here we go again, here we go again  
Oh who could love you better? Oh I could love you better

I've been tryna do better  
But all of my habits got me changing my mind, changing my mind  
One day I wanna love ya  
Next day I'm feeling off like I'm loving you blind, girl I'm loving you blind  
I wish my heart could be a stable  
But it's up there unable  
Guess I'm just not ready  
Just not ready for you, woah yeah

Are you still down baby? Still down baby?  
Are you really 'bout that life? Are you really 'bout that life?  
Are you still down baby? Still down baby?  
Is you down for the ride? Is you down for the ride?  
Here we go again, here we go again  
Why can't you let it go? Cause I don't wanna fight, I don't wanna fight  
Here we go again, here we go again  
Oh who could love you better? Oh I could love you better

I won't lie baby, I won't lie baby  
I said I won't lie baby, who could love you better?  
I won't lie baby, I won't lie baby  
I said I won't lie baby, who could love you better?  
Let the gun down baby, the gun down baby  
Just let the gun go baby  
Gun go baby, gun go baby, just like the gun go baby  
Don't do it girl

Here we go again, here we go again  
Why can't you let it go? Cause I don't wanna fight, I don't wanna fight  
Here we go again, here we go again  
Oh who could love you better? Oh I could love you better
