

# I Wanna

Chris Brown

She turn down by the way  
She got that coke bottle shape, somethin' 'bout her face  
She from Broadway  
She wanna hoop to my place  
Wanna know how it taste

Baby girl, you know you fine, fine  
Never laid your own time, time  
Tear that pussy up, mine, mine  
Tonight  
Get it, pop your chest, it's Mardi Gras  
Couple, couple baggies hangin' down  
Choose just to feed your appetite  
I-I-I

Oh, you don't need the sun to see it rise (oh)  
Ain't no need to lie  
I wanna, I wanna, I wanna  
I wanna, I wanna, I wanna (go)  
I wanna, I wanna, I wanna (go)  
I wanna, I wanna, I wanna  
Go, yeah

She turn down by the way  
She got that coke bottle shape, somethin' 'bout her face  
She from Broadway  
She wanna hoop to my place  
Wanna know how it taste

Listen, babe, I know you right, right  
You keep on giving me the high, yeah  
You and I gon' light a fire  
Tonight  
Baby girl, don't change your mind, mind  
Why we here just dancin' all night  
This Patrón got a little cheap like  
I-I-I

Oh, you don't need the sun to see it rise (oh)  
Ain't no need to lie  
I wanna, I wanna, I wanna  
I wanna, I wanna, I wanna (go)  
I wanna, I wanna, I wanna (go)  
I wanna, I wanna, I wanna  
Go, yeah

She turn down by the way  
She got that coke bottle shape, somethin' 'bout her face  
She from Broadway  
She wanna hoop to my place  
Wanna know how it taste

I wanna, I wanna, I wanna  
I wanna, I wanna, I wanna  
I wanna, I wanna, I wanna  
I wanna, I wanna, I wanna

Oh, you don't need the sun to see it rise  
Ain't no need to lie

She turn down by the way  
She got that coke bottle shape, somethin' 'bout her face  
She from Broadway  
She wanna hoop to my place  
Wanna know how it taste
