

# Last Time Together

Chris Brown

Baby I don't like to say goodbye  
So this is bye until next time,  
I, I see you  
Because I don't want to leave you (ooh)  
I'll just kiss you one last time  
To leave an imprint on your mind,  
Girl - just for right now  
Tell me can you hold out?

Remember, girl we can be miles apart,  
And no matter where you are  
You're always in my heart (heart)

Baby don't leave  
Baby just stay right here,  
Because I ain't going to waste your time  
So you don't have to leave my side,  
You got me open.

Don't leave  
Baby just stay right here  
Even if the world goes by  
We'll remember one last time  
Together

I could cry a thousand tears,  
But that won't keep you here  
You said you were finished with this love,  
So I said why are you givin' up on us (on us)  
I'll love you forever I promise,  
But to me forever ain't that long  
So baby don't you go,

Girl remember (remember)  
Girl we can be miles apart,  
And no matter where you are  
You're always in my heart (my heart)

Baby don't leave,  
Baby just stay right here (stay right here)  
Because I ain't going to waste your time (noo)  
So you don't have to leave my side,  
You got me open (yeah)

Don't leave  
Baby just stay right here (oh yeah)  
Even if the world goes by (by)  
We'll remember one last time  
Together

Don't leave  
Shorty don't leave  
Don't leave me,  
Don't leave  
Shorty don't leave  
Don't leave me (yeah)

Baby don't leave (yeah)  
Baby just stay right here, (here)  
Because I ain't going to waste your time  
So you don't have to leave my side,  
You got me open.

Don't leave  
Baby just stay right here (right here)  
Even if the world goes by  
We'll remember one last time  
Together...
