Chris Brown

Only one conversation
Getting you to my place, yeah
We can have a situation
All you gotta do is say yeah
But do you really wanna stop now
You already let me see
What it could be
And right now I don't want you to go without me

It seems like every time
I tried to get through to you
Try to slip my way, baby
In my mind we get this right, eh
You decide to stay
Wasn't suppose to end like this
We should keep dancing
I don't want to go home like this
Baby give me this one last wish
Can you move your hips like this
Do a little twist
Turn that thing around then dip
And then we in a zone like this
Keep it going like this, yeah

Look at us on the floor now
I'm digging everything I like your smile
Only wanna stay a little while
But you ain't gotta go, no
DJ playing my song now
It's my turn to feel you out
Cause baby you know that
All I wanna do is just stay with you, baby

It seems like every time
I tried to get through to you
Try to slip my way, baby
In my mind we get this right, eh
You decide to stay, oh ho
Wasn't suppose to end like this
We should keep dancing
I don't wanna go home like this
Baby give me this one last wish
Can you move your hips like this
Do a little twist
Turn that thing around then dip
And when we in a zone like this
Keep going like this, yeah

Something about the way I get a rise when you next to me
I don't wanna be apart, yeah yeah
Damn I'm loving this spotlight
You turning me on, on, on, oh, yeah

It wasn't suppose end like this
We should keep dancing
I don't wanna go home like this
Baby give me this one last wish

Can you move your hips like this
Do a little twist
Turn that thing around then dip
And when we in a zone like this
Keep going like this, yeah
