

# Lost And Found

Chris Brown

Tired of the conversations, questions 'bout me  
Every time I leave the house, when I'm in or when I'm out  
Girlfriend say I treat you foul but I don't know  
At the end of the day, you know yourself  
And I'm tired of it, time is running you're running your mouth  
Time is only running out, baby you made me take a vow  
Stop your whine and serve it up, what are we now?  
At the end of the day, you know yourself  
Can't hear when you talking loud  
Oh, you do the most, this shit's getting old, we both said enough  
Our biggest moment was when, my GPS broke  
Don't know where to go

Every time I'm lost and found  
This is not the lost and found  
Whose time are you wasting now?  
Cause every time I'm lost and found  
Tell me who's really losing out  
Cause you say it's the end and playing games again, I found

Baby you were the one that I could trust the most  
Used to think you were beautiful 'til you would drink too many toasts  
What would your mama say if? Girl you're drunk out your mind  
Oh my God, get the plan, taking mine with the wine, rude awakening  
Lord don't save her  
She think she a big girl, think she gon' drive for the players  
Think she gon' be ballin' yeah, but no no no no  
I done worked too hard for these cars and this cash right now now now  
Selling your soul, might as well be selling your ass, no no no, stop kidding  
girl, you know yourself

Every time I'm lost and found  
This is not the lost and found  
Whose time are you wasting now?  
Cause every time I'm lost and found  
Tell me who's really losing out  
Cause you say it's the end and playing games again, I found

I don't know why you keep fucking with niggas, that really don't be in the streets  
Always acting hard like they murderers, tell them niggas just ready to beef  
This is not the lost and found, bringing all about  
Make a lot of money, make that booty bounce  
Taking shots, better make it count  
I ain't got them doing nothing for free  
I see a shawty want to know me bad  
Drinkin' and lovin' till the end of the day  
Got love, where the money at?  
Fuck around and brought a rifle sack  
Steal the weed, I brought my duffle bag  
Only the girl will take it all back  
Baby girl, I'm a change all that, your money ain't all that

Every time I'm lost and found  
This is not the lost and found  
Whose time are you wasting now?  
Cause every time I'm lost and found

(Go up and down, back and fourth)  
Tell me who's really losing out  
Cause you say it's the end and playing games again, I found
