

# Matter

Chris Brown

I've written so many letters, tried to e-mail you, all I ask is why you dodging me?  
And he's not any better, I could do you better than he can  
I see the way you are with me I know that you ain't satisfied  
But it's like you don't even remember

It's like I don't even matter on your birthday, for the holidays  
Got me going crazy, you're on my mind  
It's like I don't even matter, your love is gone, girl you're done with me  
Do you think about us, I miss you so much, it's like I don't even matter

I miss the smell of your perfume, I lay by the fireplace  
I guess tonight is the night I miss your touch  
Baby, I need you, the only love I have in my heart is for you  
Can't even live, can't even live with the pain I feel inside  
This is real  
Why you giving up? Can you see me? Am I invisible?  
I see the way you are with me I know that you ain't satisfied  
But it's like you don't even remember

It's like I don't even matter on your birthday, for the holidays  
Got me going crazy, you're on my mind  
It's like I don't even matter, your love is gone, girl you're done with me  
Do you think about us, I miss you so much, it's like I don't even matter

Girl I see you don't get my love so unconditional  
Back and forth, in and out with us, with us  
Girl I want you, yeah and nobody else  
If I can't have you I'mma break down

It's like I don't even matter on your birthday, for the holidays  
Got me going crazy, you're on my mind  
It's like I don't even matter, your love is gone, girl you're done with me  
Do you think about us, I miss you so much, it's like I don't even matter
