

# Nowhere

Chris Brown

I wish I could forget you, wouldn't that be nice?  
Would that remind me of the wrongs we couldn't right?  
Girl, say your peace, girl, wish you'd a been right  
I'm going left, I'm tryna pick me up, hey, girl it's like it is  
a chase, yeah

Oh girl, you've been giving me hell  
You know, you said it yourself  
That I would find no other love, now here I am  
Baby, if I could get you, up out my head, maybe for a second no  
w, oh woah

Oh, I just can't get over you  
Chasing my tail like a fool  
You got me going right around, right around, right around (ooh,  
ooh)  
Chasing down your love, oh, oh, around I'm going nowhere

Damn, too important to forget you and it's hard not to miss you  
'Cause all I see is flashbacks in my bed, pillow cases, traces  
of your smell  
This thing's going nowhere, you said you needed space but now t  
he coast's clear  
Oh, we could have had this so good, oh

Baby, you've been giving me hell  
You know, you said it yourself (said it yourself)  
That I would find no other love, now here I am (and now here I  
am)  
Baby, if I could get you, up out my head, maybe for a second no  
w, oh woah (oh)

Oh, I just can't get over you (you, oh no no no)  
Chasing my tail like a fool  
Girl, you got me going right around, right around, right around  
(ooh, ooh)  
Chasing down your love, oh, oh, around I'm going nowhere

Right around, right around  
Chasing down your love, oh, oh, around I'm going nowhere  
Baby, if I could get you, up out my head  
Maybe for a second now, oh woah

Oh, I just can't get over you (you)  
Chasing my tail like a fool (fool)  
Girl, you got me going right around, right around, right around  
(ooh, ooh)  
Chasing down your love, oh, oh, around I'm going nowhere
