

Off That Liquor

Chris Brown

I can't lie girl, you so damn sexy
Them other girls ain't got nothing on ya
Patron mixed with me that's your recipe
I ain't gotta say it, I'll show you
You're picture perfect girl don't change a thing
Ain't going nowhere, you got me
So when you're leaving that party baby
Come right over, we can get it started baby, like

Ohh, if it's loving that you need, from me
Come close, cause your happiness all that matters to me
Girl I know, I'ma cherish what I have
And I want more than your body
A little more than your body

If I don't give it to you, you be calling like crazy
And when I break you off, you be calling me baby
I know why you tripping, cause my sex is amazing
Acting cause you faded, gone off that liquor
I just wanna give you my, give you my heart
I just wanna give you my, give you my heart
I just wanna give you my, give you my heart
Acting cause you faded, down off that liquor

Girl you talking out the side of your neck
And drinking a little too much
You're talking crazy is all on your head
You're tipsy and ready for loving
So you're calling me over
To touching, kiss on your body
You're here tonight, but it's more to you than just that
Well I won't complain if you throw it back, yeah
If it's loving that you need, from me
Come close, cause your happiness all that matters to me
Girl I know, I'ma cherish what I have
And I want more than your body
A little more than your body

If I don't give it to you, you be calling like crazy
And when I break you off, you be calling me baby
I know why you tripping, cause my sex is amazing
Acting cause you faded, gone off that liquor
I just wanna give you my, give you my heart
I just wanna give you my, give you my heart
I just wanna give you my, give you my heart
Acting cause you faded, down off that liquor

Girl you're my masterpiece, you're my heart
Shine like a diamond, beauty so priceless girl
My Valentine, my sweetheart,
I'm gonna love you baby, don't worry
And if you're ready, I'ma give you my heart
Right now girl, baby come over, so we can make love
Girl this is all yours

If I don't give it to you, you be calling like crazy
And when I break you off, you be calling me baby

I know why you tripping, cause my sex is amazing
Acting cause you faded, gone off that liquor
I just wanna give you my, give you my heart
I just wanna give you my, give you my heart
I just wanna give you my, give you my heart
Acting cause you faded, down off that liquor
