

# On Purpose

Chris Brown

She said can I vibe with you baby  
For a night  
I cannot say no to you baby  
You know I can't do that  
You have my eyes, they glued to you, ooh yeah  
Baby, you're so damn fine, I'll prove it to you  
Yes, I'll prove it to you

Ooh, I'll show you  
It isn't more (I'll be there more)  
I see what you be going through  
You ain't gotta hurt anymore  
'Cause I love you baby

I got this, don't worry  
And I know God put you here on purpose  
Stop, I know that you nervous  
But you the only one that's worth it  
I got this, don't worry  
And I know God put you here on purpose  
I promise, I got this, don't worry  
And I know God put you here on purpose

If I get a mirror, would it clear up your view (a little better)  
And when I smoke clear up, I'm still stuck on you (it's on purpose)  
I haven't felt like this in a while  
Don't feel like I'm in down  
You're love's around  
Boy, I feel you

You know that is more  
You see what I've been going through  
I ain't gotta hurt anymore  
'Cause you love me baby

I got this, don't worry  
And I know God put you here on purpose  
Stop, I know that you nervous  
But you the only one that's worth it

You said I got this, don't worry  
And I know God put you here on purpose  
I promise, I got this, don't worry  
And I know God put you here on purpose

I got this, don't worry  
Don't worry  
Ooh

Ooh, I'll show you  
It isn't more (I'll be there more)  
I see what you be going through  
You ain't gotta hurt anymore  
'Cause I love you baby

'Cause I love you baby  
You're my baby, yeah

Oh baby  
You got this, don't worry  
You got this, don't worry
