Parachute

Chris Brown

The force of gravity is grabbing me tonight
So I'm feeling there's no ceiling only sky-y-y
When you look me in the eye

When you're high my fears are fading
Your atmosphere, you're making me clear
Do or die, but I'll be breathing
As long as you're here
As long as you're here

Don't even care if I'm falling down
I won't hit the ground, I got you
We in the air like a fucking cloud
While I'm safe and sound, here with you
Baby you're like a parachute, parachute
Your love is always coming through, coming through
So I don't care if I'm falling down, I won't hit the ground
You're my, you're my parachute

Take me up so high, so I can feel the sky
Your presence is a present tonight
And girl you make me believe I can fly

When you're high my fears are fading (yeah)
Your atmosphere, you're making me clear
Do or die, but I'll be breathing
In my feelings is how I'm feeling
Crazy about you

I don't even care if I'm falling down
I won't hit the ground, (baby) I got you
We in the air like a fucking cloud
While I'm safe and sound here with you
Baby you're like a parachute, parachute
Your love is always coming through, coming through
So I don't care if I'm falling down, I won't hit the ground
You're my, you're my parachute

No, it ain't fair
We should be here, baby right here
The way you love me, it ain't fair
No, oh-oh
You're my parachute, you're my parachute
I fell in love in the party
My hands all over her body
Follow wherever she go
Bad man thing and down low
And you put the edge on me baby
Whine when you sexin' me crazy
I love her wherever she go
Bad man thing and down low

Don't even care if I'm falling down
I won't hit the ground, I got you
We in the air like a fucking cloud
While I'm safe and sound here with you
Baby you're like a parachute, parachute

Your love is always coming through
So I don't care if I'm falling down, I won't hit the ground
You're my, you're my parachute
