

# Perfume

Chris Brown

I know you want me girl  
You think about me in your mind, am I right? yeah  
I think about you too  
I'm feelin' right here deep inside, it's all right yeah

And you tellin' me things that you wanna do  
And I got plans to do things too  
You know I wonder why you took so long and made me have to wait  
Tell me where we start

Let's sit down i need to kill time  
Sweep me off my feet after some wine  
Slowly please undress me  
I ain't even playin' when I say  
We startin' now

Round and round, up and down, up in this bed  
I don't want you to forget

Hope you remember my perfume, on you  
After I

Sex you down  
One o'clock, two o'clock, three o'clock, four  
Hope you come back for more

Will you remember my perfume on you?  
After I

Sex you down

Tonight I'm pretty much ready

To do what you want me to  
Do what you want me to

Tonight I'm pretty much ready

To do what you want me to  
Do what you want me to yeah

In the middle of the night when I call your phone  
I love it when you tell me "come get it I'm alone"  
'Cause you know I can go all night  
Before i leave ima give you bragin rights

Let's sit down and need to kill time  
Sweep me off my feet after some wine  
Slowly please undress me  
I ain't even playin' when I say  
We startin' now

Round and round, Up and down, up in this bed  
I don't want you to forget

Hope you remember my perfume, on you  
After I

Sex you down  
One o'clock, two o'clock, three o'clock, four  
Hope you come back for more

Will you remember my perfume on you?  
After I

Sex you down

We can do it all over the house  
It's evidence from what we did on the couch

It's on the counters in the kitchen  
My love is what you missin'  
And every pillow in this condolea down

Down on your body when you wake up

So as my lip gloss and my makeup  
You can see

You cannot wait

Don't wanna escape

Everytime we do

Round and round, Up and down, up in this bed  
I don't want you to forget

Hope you remember my perfume, on you  
After I

Sex you down  
One o'clock, two o'clock, three o'clock, four  
Hope you come back for more

Will you remember my perfume on you?  
After I

Sex you down
