

# Pyramids

Chris Brown

Hahaha

I can't make you love me  
Oh, baby, my queen  
Your love is royalty (Oh)  
I can't make you fall for me  
Ooh, baby, my queen  
Your love is royalty  
Oh, no

And I will set your tempo, baby  
If it's okay, if it's okay  
And I wanna go and spend away, wherever you are, baby  
Wherever you might be  
I'm here as your servant  
Ooh, my majesty  
I'm doin' whatever you ask of me

This don't need explainin' (No)  
This thing here, God made it (Ooh)  
Like the pyramids, like the pyramids (No)  
This don't need explainin'  
This thing here, God made it (Oh)  
'Cause only you can guide my path when I'm running 'round like a fool  
The stars align with the pyramids

Every king needs lovin' (Ooh)  
Oh, baby, my queen  
Your love is royalty (Oh na-na)  
You're the one I wanted (Oh, baby)  
Oh, baby, my queen (Queen)  
Your love is royalty (Yeah)

And I will set your tempo, baby  
If it's okay, if it's okay  
And I wanna go and spend away, wherever you are, baby  
Wherever you might be  
I'm here as your servant (Oh, girl)  
Ooh, my majesty (Ooh)  
I'm doin' whatever you ask of me (You, hey, oh!)

This don't need explainin' (Oh, no-no)  
This thing here, God made it (God made it)  
Like the pyramids, like the pyramids (Oh)  
This don't need explainin'  
This thing here, God made it (Oh)  
'Cause only you can guide my path when I'm running 'round like a fool  
The stars align with the pyramids

This don't need explainin' (Ooh)  
This thing here, God made it (Ooh)  
Like the pyramids, like the pyramids (No)  
This don't need explainin'  
This thing here, God made it  
'Cause only you can guide my path when I'm running 'round like a fool  
The stars align with the pyramids
