Roller coaster love, up and down she go  
Everyday this chick tripping in and out the door  
Yeah I keep these bitches high, got it for the low  
Out in France last month, but where I'm 'bout to go?  
I don't know, got too high a while ago  
I be chasing money, whip that big seat hundred domino  
Pull up on your bitch and do the street nigga on a hoe  
Pull up on your bitch, they love a street nigga, that's for sure  
Ha ha, too silly, amigo on for really  
There's an eagle on my belly, I been bumping Makaveli  
Then I switch it up, Dekeli, fuck your bitch up in the telly  
Jump right back in the Chevy, ain't no telling where I'm heading

Gone, roller coaster, up and down she go  
Gone, I'm roller coasting in and out the door  
Gone, roller coaster, up and down she go

Okay, bitches love me cause I keep that shit 100  
They drop it like a sock, I'm the number 1 stunner  
When I throw that money, that pussy, it come up  
9 millimetre, acting dummy if they run up  
Okay you see it's OHB, we out here stacking, stacking  
All this molly, all these bitches, all this ass I'm smacking  
I'm tripping, drinking 'til I'm pissy  
Fuck your girl with my girl, yeah nigga cause I'm different  
I'm 'bout my money, money and power, respect my clique, gon' throw it up  
When I'm in the club making it shower, doing it BIG in LA, okay  
That's why they call me Big Poppa, notorious to that pussy  
None of y'all niggas can save me so why the fuck you still looking?

Gone, roller coaster, up and down she go

Fuck with me, know you're going up, know them niggas ain't showing up  
VVS', bitch we ain't stressing, night time, a nigga going up  
Flipping birds, check the wing span, bet a mil when my team playing  
Better yet put the house on it, shut you mouth and put your mouth on it
