Chris Brown

Okay

Stepping, Stepping, Stepping out
One of them Brand new big boy toys
I do big boy things
I make big boy noise cuz...
I know what girls want...
I know what they like
They wanna stay up , and party all night
so bring a friend

Let me talk to you
Tell you how it is
I was thinking when I saw that body gotta get shawty
Tell her what the young boy gon do
Damn them chicks wit you gotta be your kin
Babe pretty thick wit the kick that's sick that need to be hit
So tell me what ya'll gon do

I got friends, and you got friends
They hop out, and you hop in
I look fly, and they jocking
The way you drop, drop makes me wanna pop
(2x)

Is ya man on the flo?
If he ain't...
Let me know
Let me see if you can run it, run it
girl indeed I can run it, run it
(2x)

You'll see
Girl I can set you off
Don't believe my age is gonna slow us down
I can definitely show you things
To have you saying I can't be 16
Once I get in you won't wanna go
(and I...)
I'll have yo girls wishing they were you
(and I...)
I know your heard about me, but guess what's going down if we leave

I got friends, and you got friends
They hop out, and you hop in
I look fly, and they jocking
The way you drop, drop makes me wanna pop
(2x)

Is ya man on the flo?
If he ain't...
Let me know
Let me see if you can run it, run it
girl indeed I can run it, run it
(2x)

Girl you feel right
(Feel right)
