

# Sedated

Chris Brown

Baby, you got my head up under water  
Holding my breath, it's getting harder to do  
28 hours I been waiting for you

Got you all in my veins, I'm feigning, baby  
Got me feeling crazy, I'm a little hazy  
All I need is a taste, I need it, baby  
Every time you walk away

You know what to do, one more night and I have to be sedated  
Girl, I'm faded, ooh, you got me baby  
You know what to do, one more night and I have to be sedated, G  
irl, I'm faded, sedated  
Woo, sedated  
Woo  
Woo, sedated  
Woo

Got me on my knees like you're my religion  
Can trust me, I need supervision  
Ain't no controlling what I'm feeling  
Controlling what I'm feeling, feeling

Got you all in my veins, I'm feigning, baby  
Got me feeling crazy, I'm a little hazy  
All I need is a taste, I need it, baby  
Every time you walk away

You know what to do, one more night and I have to be sedated  
Girl, I'm faded, ooh, you got me baby  
You know what to do, one more night and I have to be sedated, G  
irl, I'm faded, sedated (Oh baby)  
Woo, got me sedated, yeah  
Woo, girl, give me what I want, yeah, ooh, yeah  
Woo, sedated, oh woah  
Woo, yeah, woah, girl  
You know what to do, one more night and I have to be sedated  
Girl, I'm faded, ooh, you got me baby  
You know what to do, one more night and I have to be sedated, G  
irl, I'm faded, sedated  
Woo, sedated  
Woo  
Woo, sedated
