

# Sucka

Chris Brown

How I could I allow her to do it?  
They say a man ain't suppose to cry  
Right now I feel so foolish (Oh, why)  
Thought I could trust her  
I guess I thought wrong  
So many times I played the fool  
I guess I was the dummy all alone (Damn)

I guess I had it coming 'cause I'm famous  
She was in it for the money, I can't blame her  
She tried to break my pockets, but broke my heart  
Yeah she tried, guess I'm not that stupid after all  
And my baby stuck in her ways  
Girl, it's fine, what a nice try  
At least we had a good time  
Bitch, goodbye

You don't even see her, when you came across her  
You give her that alley-oop, think that bitch gon' cross ya  
And if you got a lot of money, that pussy gon' cost ya  
Don't trust that hoe, don't be a sucka

Hunnids, hunnids, hunnids, hunnids, hunnids, hunnids  
That's all she wants  
Hunnids, hunnids, hunnids, hunnids, hunnids, hunnids  
That's all she wants  
Hunnids, hunnids, hunnids, hunnids, hunnids, hunnids  
Don't trust that hoe, don't be a sucka  
Hunnids, hunnids, hunnids, hunnids, hunnids, hunnids  
That's all she wants  
Hunnids, hunnids, hunnids, hunnids, hunnids, hunnids  
That's all she wants  
Hunnids, hunnids, hunnids, hunnids, hunnids, hunnids  
Don't trust that hoe, don't be a sucka
