

Sweet Lullaby

Chris Brown

Doo do do
Uh ha
Nah, nah, nah
Oh, oh, oh
Oh my god
Oh, oh, oh

Sweet lullaby till our love ran empty
Yeah
Let the pain live on
I remind her that I can feel
Uh
Can't look up cause she's blind by envy
Yeah
Precipitation when she's around
It can't be real

All I see is smoke and mirrors
I ignore it cause she's a bad bitch
Then the smoke gets, clearer
And then she comes and gives me the passion
Attraction, she's the definition of malice
Such a beautiful distraction
I'm loosing site of the backend
Ooh, ah

I can't loose myself
In her song, no more
I just can't loose myself
In her song, no more (yeah)
It's such a sweet lullaby

Doo do do
Uh ha
Woh woh woah
Doo do do
Uh ha
Woah woah
Doo do do
Oh uh ah
Doo do do
Uh ah

Traveled abroad
But she's from the West Indies
A flame you can't turn off
See it burned through a hundred years
Uh oh
Trouble follows, whenever she's with me
In the end, she ends up right here
In my bed

All I see is smoke and mirrors
But I ignore it cause she's a bad bitch
Then the smoke gets, clearer
And then she comes and gives me the passion
Attraction, she's the definition of malice

Such a beautiful distraction
I'm loosing site of the backend
Ooh I can't

I can't loose myself (no I can't) (myself)
In her song, no more
I just can't loose myself
In her song, no more
It's such a sweet lullaby

Doo do do
Uh ha
Woah woah woah. (It's such a sweet lullaby)
Doo do do. (Play it for me)
Uh ha
Woah woah (It's such sweet lullaby)
Doo do do (Sweet)
Oh uh ah (Oh no)
Doo do do
Uh ah. (It's such a sweet lullaby)
