

This Way

Chris Brown

You know I been, out here, doing better
Like I said I would
Every night I lay with 2 or 3
Got me feeling good

Didn't want it to be over when you told me it was over
Baby, now I'm getting under somebody
All I wanted was to know love, now these hoes can give you no love
I'm just sitting tryna pour up and party

Baby, you make me this way
I got you to thank, I got you to thank
Baby, you make me this way
I got you to thanks 'cause I'm not the same
Uh huh, baby, uh huh, yeah yeah
You make me this way
Uh huh, baby, uh huh, yeah yeah
You make me this way

This ain't what I thought I wanted, babe
Until you were gone, yeah
I'd be crazy to ever complain
'Cause I don't sleep alone, baby

Didn't want it to be over when you told me it was over
Baby, now I'm getting under somebody
All I wanted was to know love, now these hoes can give you no love
I'm just sitting tryna pour up and party

Baby, you make me this way
I got you to thank, I got you to thank
Baby, you make me this way
I got you to thanks 'cause I'm not the same
Uh huh, baby, uh huh, yeah yeah
You make me this way
Uh huh, baby, uh huh, yeah yeah
You make me this way

Pull up, pull up, they even looking shawty
You whine, you whine, you don't really matter
You got me thinking I don't matter
Me love the way she wine, even better
Oh na na na na no, when we kiss, you put it on me, baby
You better, ooh baby, now I'm looking round
Hey lil mama, what's up? She say she just wanna go out
Singing, baby, when we rumpa, now I got her all alone, aw yeah
She got a young brother messed up, and I can't leave this girl alone
Yeah, baby, you make me this way

Baby, you make me this way
I got you to thank, I got you to thank
Baby, you make me this way
I got you to thanks 'cause I'm not the same
Uh huh, baby, uh huh, yeah yeah
You make me this way
Uh huh, baby, uh huh, yeah yeah
Uh huh, baby, uh huh, yeah yeah
