

# Upside Down

Chris Brown

B-b-b-blaq Tuxedo  
Yeah

I'm gon' cry for what's not mine no more  
Hey, yeah, yeah  
I fear too fly, girl, so I don't try no more  
Whoa-whoa-whoa

I know how it feels out on the other side  
I know the feeling now  
I'm in the rain right now  
It's getting real  
Dammit, I let you down  
Got my whole world upside down

Tell me, why did you leave me? Oh  
Fighting with my heart, startin' to take a toll  
Baby, why did you leave me? Oh  
I tried my best not to do you wrong  
Baby, why did you leave me?

Who said it was easy? Oh  
You know loving me never was easy, yeah, yeah  
Who said it was easy?  
You know loving me never was easy  
Baby, why did you leave me? Oh no  
Who said it was easy? Oh  
You know loving me never was easy, ooh, yeah, yeah  
Who said it was easy? Yeah  
You know loving me never was easy, oh no

Apparently not, girl  
I got everything, oh-whoa  
Yeah, yeah, yeah  
Your love burned bright, girl  
And it's deep in my soul, yeah

I know how it feels out on the other side  
I love the feeling high  
Don't wanna let it fade  
It's getting real  
Dammit, I let you down  
Got my whole world upside down

Tell me, why did you leave me? Oh  
Fighting with my heart, startin' to take control  
Baby, why did you leave me? Oh  
I tried my best not to do you wrong  
Baby, why did you leave me?

Who said it was easy? Oh  
You know loving me never was easy, yeah, yeah  
Who said it was easy?  
You know loving me never was easy  
Baby, why did you leave me? Oh no  
Who said it was easy? Oh  
You know loving me never was easy, ooh, yeah, yeah

Who said it was easy? Yeah  
You know loving me never was easy, oh no  
Who said it was easy?  
You know loving me never was easy, yeah, yeah  
Who said it was easy?  
You know loving me never was easy, oh no  
Who said it was easy?  
You know loving me never was easy, yeah, yeah  
Who said it was easy?  
You know loving me never was easy

Tell me, why did you leave me? Oh  
Fighting with my heart, startin' to take control  
Baby, why did you leave me? Oh  
I tried my best not to do you wrong  
Baby, why did you leave me?
