

# Wait For You

Chris Brown

If I asked to kiss ya  
Would you say yes or turn and walk away, oh baby  
See I must admit girl  
Cause all the crazy things that go through my head  
Woahhh Oh oh No

It seemed just like the perfect move at the time  
For me to make you mine  
(Girl you sexy from head to toe)  
You said you think we should wait a while  
And it might be hard but

But I won't complain  
You could've been anywhere else but you're here with me  
Oh yeah  
We can travel to space  
As long as I got you right here next to me  
I'm straight  
Woahhhhhh, girl I'll wait  
Ohhhhhhhh, for you, yes I will  
Ohhhhhhhh, I said I'll wait for you

I just wanna love ya  
Lord knows that I can't wait for the day  
Na, Nahhhhh  
I said I must admit girl  
Baby, I swear I'll do whatever it takes  
(To keep you here with me)

It seemed just like the perfect move at the time  
For me to make you mine  
(Girl you sexy from head to toe)  
You said you think we should wait a while  
Girl it might be hard but

But I won't complain  
You could've been anywhere else but you're here with me  
Oh yeah  
We can travel to space  
As long as I got you right here next to me  
I'm straight  
Woahhhhhh, girl I'll wait  
Ohhhhhhhh, for you, yes I will  
Ohhhhhhhh, I said I'll wait for you

It's been awhile and we both know that I've been patient girl  
Cause you ain't been trying to give it up, nooooo

But I won't complain  
You could've been anywhere else but you're here with me  
Oh yeah  
We can travel this place  
As long as I got you right here next to me  
I'm straight  
Woahhhhhh, girl I'll wait  
Ohhhhhhhh, for you, yes I will  
Ohhhhhhhh, I said I'll wait for you
