

# Wanted

Chris Brown

Girl, everybody knows  
The only thing I need from you is loving  
I just need you to love me  
I know I'm no Cassanova  
If you give me a chance, I need a minute to rock your body  
Oh, yeah

If you stay with me  
A bit of Hennessy will fix this all  
And have some fun  
Oh, yeah  
You with me  
It's an emergency, dial 911  
Dial 911

Soon as I pick you up, I lay it down  
Put my hands on you  
We be loving 'til you tell me to stop  
Oh, baby, baby  
Body on your body  
My lips all on your naughty parts  
Now we're face to face

You can't run away from me  
Girl, you're wanted  
I'm 'bout to throw away the key  
Girl, you got me  
You know you can never leave  
Good romacing, yeah, yeah, yeah

Girl, I won't tell a soul  
Just promise me you won't break my heart  
Just show me you love me  
I know I'm no Cassanova  
But this bad boy still tryna figure out how she got me  
Oh, woah

If you stay with me  
A bit of Hennessy will fix this all  
And have some fun  
Oh, yeah  
You with me  
It's an emergency, dial 911  
Dial 911

Put my hands on you  
We be loving 'til you tell me to stop  
Oh, baby, baby  
Body on your body  
My lips all on your naughty parts  
Now we're face to face, ow!

You can't run away from me  
Girl, you're wanted  
I'm 'bout to throw away the key  
Girl, you got me
