

# Watch Me

Chris Brown

Don't mean to bother  
But what you drinking tonight?  
I'm like Nuvo or Patrón  
Mister, how you want it, poppa?  
Do you like when I call you poppa?  
Let's dance, baby, let's hit the floor

Take a chance, be my bodyguard  
And grab my body really hard  
Don't let go  
Go, go, go, go, go, go  
I don't follow rules, so beg my pardon  
Tonight, you gonna really get a show  
Oh, oh, oh  
You got me feeling so good, so

Why can't I  
Can't ignore this feeling that I feel with you tonight?  
And I just can't take my eyes off you  
You're entertaining, you entertain me  
Tell me, baby, why can't I entertain you?

Don't take your eyes, take your eyes off me (Watch me)  
Don't take your eyes, take your eyes off me (Watch me)  
Don't take your eyes, take your eyes off me (Watch me)  
Eyes off me (Watch me), eyes off me (Watch me)  
Don't take your eyes, take your eyes off me (Watch me)  
Don't take your eyes, take your eyes off me (Watch me)  
Don't take your eyes, take your eyes off me (Watch me)  
Eyes off me (Watch me), eyes off me (Watch me), eyes off me (Watch me)

You got me right just where you want me, I, oh, I  
Let's switch it up, I'ma be the one to drive, you ride  
Watch me speed it up, slow it down, I'ma give it up  
I'ma make you wish you buckled up  
Baby, tap out when you've had enough, oh

Take a chance, be my bodyguard  
And grab my body really hard  
Don't let go  
Go, go, go, go, go, go  
I don't follow rules, so beg my pardon  
Tonight, you gonna really get a show  
Oh, oh, oh  
You got me feeling so good, so

Why can't I  
Can't ignore this feeling that I feel with you tonight?  
And I just can't take my eyes off you  
You're entertaining, you entertain me  
Tell me, baby, why can't I entertain you?

Don't take your eyes, take your eyes off me (Watch me)  
Don't take your eyes, take your eyes off me (Watch me)  
Don't take your eyes, take your eyes off me (Watch me)  
Eyes off me (Watch me), eyes off me (Watch me)  
Don't take your eyes, take your eyes off me (Watch me)

Don't take your eyes, take your eyes off me (Watch me)  
Don't take your eyes, take your eyes off me (Watch me)  
Eyes off me (Watch me), eyes off me (Watch me), eyes off me (Watch me)
