Chris Brown

Baby, don't fall in love, don't you fall for me  
You might be what I want, but you're not what I need  
Baby, don't fall in love, don't you fall for me  
You might be what I want, but you're not what I need  
Oh yeah

Pussy get wet like water  
But I don't call her  
Pussy get wet like water  
But I don't call her  
Pussy get wet like water  
Drippin' like water  
Yeah, she get wet for me  
I swear the pussy be the death of me, yeah

You're not the one, darling, oh  
You can't be the one shawty, oh  
Hear you bad as hell and you do it very well  
But I got so many bitches and that's just how I'm living so

Baby, don't fall in love, don't you fall for me  
You might be what I want, but you're not what I need  
Baby, don't fall in love, don't you fall for me

R.I.P. to me, swear that pussy got me weak  
She shaking her knees  
Locking her legs, I can hardly breathe  
She making money, I have you  
But she fuckin' on me for free  
And she can buy her own red bottles  
But I don't really care about that

Baby, don't fall in love, don't you fall for me  
You might be what I want, but you're not what I need  
Baby, don't fall in love, don't you fall for me  
You might be what I want, but you're not what I need  
Oh yeah

Pussy get wet like water  
But I don't call her  
Pussy get wet like water

Girl, you know I love to lick it, lick it  
And you like it when I lick it, lick it, oh yeah  
Girl, it's hard to fight the feelings  
And I can't lie, you know I love it  
Come on baby, that's a big mistake to shake your ass  
You know I can't control my dick when you start moving that  
I close my eyes but I can still feel that ass  
Oh my body

Baby, don't fall in love, don't you fall for me  
You might be what I want, but you're not what I need  
Baby, don't fall in love, don't you fall for me
