

# What It Do

Chris Brown

Whoa, whoa whoa  
I-I-I-I-I-I-I was chilling, layin low in the club  
Sippin on some s-s-syrp  
Lookin for some s-s-skirt  
That's when I saw her-her-her walk in  
Lookin' good with a couple friends  
She looked me dead in my eyes  
Smiled then she walked by

Baby slow up  
Let me holla at you for a minute  
You look so good I couldn't let you go  
Baby hold up  
What you drankin' what you sippin' on  
Come and join me in the VIP baby

What It Do  
What's your name girl  
Did you come here by yourself or  
Are you with somebody else?  
What It Do  
Gotta get to know you  
You're so sexy you should let me  
What It Do  
I'm glad you came girl  
Baby cause you made my night  
I was 'bout to leave but you changed my mind  
What It Do  
Was poppin shawtyyy  
I'm tryin to get to know you baby

Now she-she-she-she's playin' me  
Way-way-way-way-way-way back  
I'm all up in her face  
All up in her space hopin' I don't need a tic tac  
Cause I been drinkin'  
I been smokin' all night in the club  
and she's so fine and hell no I can't let her go
