

What Your Girl Like

Chris Brown

I know what girls like, I know what they want
I know what girls like, so I'mma give it to 'em!
Chris, I got you!

OK! Weezy F. Baby Polo horses on my underwear
Baby, I'm a beast and your boyfriend a gummy bear
Well can I at least put some kisses on you under there
Man, it ain't my fault, I want you badder than some fucking air
Hundred millionaire, I take you anywhere
I put a ring on it, and make you really care
Now what's really good, it's young mula baby
Yeah! Guns, and roses and tulips, baby!
I do this baby, now come and do it with me
Because I'm right, I'm right, like a new amendment
Now I'm right with your ass
And if you fall in love after tonight, it's your bad!

She like it over here, she like it the way I do it
She want to lick lick, so I put it on to it
(I know what you girl like, I know what you girl want
I know what you girl like!)

She says she like a boss, call her Lil CeeLo
Well shawty like a boss, so I let her swipe the Visa
(I know what you girl like, I know what you girl want
I know what you girl like!)

And I hear she got a man at home
But when he calls she don't pick up the phone
Cause he don't give her what I do
So I'm asking you!

What you gonna do?
She wanna make me her boo
She wanna say never go
So I'm letting you know!
I know what you girls like,
I know what you girls want
I know what you girls like
And I'm the only one to make you say oh, oh, oh
I'm just letting you know oh, oh, oh

I know what you girls like
I know what they want
I know what girls like
And I'm the only one to say oh, oh, oh
I know what you girls like,
I know what they want
I know what girls like
And I'm the only one to make you say oh, oh, oh

She like to get frisky every time she see me
And she can't pronounce her name cause her lips are shaking
(I know what you girl like, I know what you girl want
I know what you girl like!)

She stands up and down, can't get enough of it
She can break it down every time we dancing
(I know what you girl like, I know what you girl want
I know what you girl like!)

And I hear she got a man at home
But when he calls she don't pick up the phone
Cause he don't give her what I do
So I'm asking you!

What you gonna do? (Yeah)
She wanna make me her boo
(She wanna make me her boo)
She wanna say never go (never go)
So I'm letting you know oh, oh, oh
I know what you girl like,
I know what you girl want
I know what you girl like
And I'm the only one to say oh, oh, oh
I'm letting you know oh, oh, oh

I know what you girls like
I know what they want
I know what girls like
And I'm the only one to say oh, oh, oh
I know what you girls like,
I know what they want
I know what girls like

Only try to keep it real
I keep telling her to chill
I can't keep her off my dick
So what you want me to do about it?
You can't blame her for getting what she needs
And I can't deny it what she's asking of me
Hey, cause I know what she wants
So tell me what you gonna do about it!

What you gonna do, hey? (you gonna do)
She wanna make me her boo
She wanna say never go
So I'm letting you know

I know what you girls like
I know what you girls want
I know what you girls like
And I'm the only one to say oh, oh, oh
I'm just letting you know
I know what girls like, I know what they want
I know what girls like
And I'm the only one to make us say oh
I know what you girl like
I know what you girl want
I know what you girl like
