

Won't Keep You Waiting

Chris Brown

Ooh yeah
Ooh yeah, yeah yeah

Tell me when you need me
We ain't in a rush, lets take our time
Don't want to get greedy
Charging me up, we go all night
But you know I've been patient
So I won't keep you waiting
For your love won't misplace it, yeah

Time to recognize what's inside that you're missing
Hard to compromise, know it's mine when I kiss it
Make me fall in love when we touch, in an instant
I can't keep my distance, no I

It feels like eternity
What we did was so heavy
Come and get it you wanted all of me
No I won't keep you waiting
I won't keep you waiting, yeah

Mario
Baby if we make the obvious decision
We be in positions you ain't been before
Ah baby, when I'm back stroking left stroking
Right stroking, love it when I choke ya
I know you already know it

Time to recognize what's inside that you're missing
Hard to compromise know it's mine when I kiss it
Make me fall in love when we touch, in an instant
I can't keep my distance

Girl, It feels like eternity
What we did was so heavy
Come and get it you wanted all of me
No, I won't keep you waiting
I won't keep you waiting, yeah

Don't take too long, just know you have me baby
I'll be your blessing, take control cause time is fading
Lost in each other in the moment
How can I be focused
Girl, you got me open
Follow where you going

Time to recognize what's inside that you're missing
Hard to compromise, know it's mine when I kiss it
Make me fall in love when we touch, in an instant
I can't keep my distance

No, no, no, it feels like eternity
What we did was so heavy
Come and get it you wanted all of me
No I won't keep you waiting
I won't keep you waiting, yeah

I won't keep you waiting, yeah
Oh oh oh I won't keep you waiting
Won't keep you waiting
Won't keep you waiting

Won't keep you waiting
Won't keep you waiting
Won't keep you waiting
I won't keep you waiting
I won't keep you waiting
I won't keep you waiting
I won't keep you waiting
I won't keep you waiting
