

# Wrong In The Right Way

Chris Brown

It's 'bout to go down  
Baby, you gonna get your wish tonight  
Lay it down, right here  
Scream my name, baby I love you  
Wherever you are, I'll be right by your side tonight  
If you wearing panties taking 'em of, yeah  
Imma do it wrong in the right way.

(Okay, haha, look)  
Now, Imma do you wrong in the right way  
Fucking with the lights on, know you had a long day  
Hold your nigga down, girl I fuck with you the long way  
Pull up to your college, then I fuck you in the hard way  
Real nigga, all day  
You know I don't fuck with fakes.  
Said she on her period, she told me just to fuck her face  
Real bitch, trill bitch, someone I can deal with  
[?] try to run up my crib, she hit the kill switch  
She would never let me down, only want to lift me up  
When I got like 90 counting, she was there to pick me up  
Mind her business, know what's up  
Purple sprite, she pour it up  
Even bought a pound for a nigga, 'bout to roll it up  
If the lights off in the club, niggas still know it's up  
Gave my bitch my Lamborghini, nigga get your motor up  
When I get that ass in my bed, Imma [?]  
[?] leg stroking, got the whole bed soaking

You got that work, that pussy pur  
That Lambo [?], she got it for sure  
My Chaufer know what's up, it's yours  
I mean hers, she can conquer  
Baddest thing on this Earth  
Let me take my time, Imma lick you first  
Imma make it hurt, put it in the dirt  
That's some crazy ass shit for ya  
And you know I got this hit for you, put this dick on ya  
Enjoy ya and I spoil ya  
Back and forth, in and out no backing off  
My shit don't [?], My lover lover real don't dissolve  
Bitches ain't loyal, one love  
But they hot and cold,  
I slurp this deuce on the , baby like this dick cold  
T-Raw got that flame doe  
She want burgers in Burdeos, I give her that 'cus she's mine doe  
In this game you gotta [?]  
I'm young, the king so you know how it is doe

(Look, haha, alright)  
Let me kiss that body, when I get excited  
When you scream my name, when you the notes  
You gon' sound melodic  
Baby girl just ride it  
Show me something they can't see  
Fuck me like you angry, playing all that Casey and (JoJo)

Them slow jams, we hold hands  
You do that there like a stripper, on my dick she pole dance  
(Oh no)  
It's going down, going down babe  
Put it in reverse, flip it around babe  
Yeah, 'cause we one on one  
Busting 'round, acting round like a gun  
Doing all that freaky shit to me  
I love the way you put it down babe

And I want some more, it's about to go down.
