

Once Upon A Time

Chris Caffery

Let me introduce myself, have we met before?
Time seemed to paralyze
When you walked into the room
It's not too often one can take my breath away
My life, my time, have you time for me

Could you take this hand
Of a strong and honest man
How many times can you look
Into the eyes of make believe

Once upon a time love was younger
In the eyes, hearts were set free
Roll the dice, who's your favorite number
It's no surprise
You were once in a lifetime for me
Once in a lifetime for me

You surely can seduce yourself
This thing in life's for sure
Hearts seem to paralyze
When you walked out of the room

Would you take my hand
I'm a strong, honest man
Just one time can you look
Into the eyes and believe

Once upon a time love was younger
In the eyes, hearts were set free
Roll the dice, who's your favorite number
It's no surprise
You were once in a lifetime for me
Once in a lifetime for me

We surely can seduce ourselves
Just like we did before
Hearts bleed and paralyze
When you walked out of the room

Do you take this hand
I'm a strong, honest man
'Til the end of time
Look into my eyes and believe

Once upon a time love was younger
In the eyes, hearts were set free
Roll the dice, who's your favorite number
It's no surprise
You were once in a lifetime for me
Once in a lifetime for me
