

# I Breathe In, I Breathe Out

Chris Cagle

Lately I've been runnin'  
Into our old friends  
And somewhere in the small talk  
Someone always asks where you've been  
So I tell them what you told me  
And they can't believe we're through  
They ask me what I'm doin' now  
And in case you're wonderin' too

I breathe in I breathe out  
Put one foot in front of the other  
Take one day at a time  
'Til you find  
I'm that someone you can't live without  
Until then  
I breathe in and breathe out

I've got every reason  
To find someone new  
'Cause you swore up and down to me  
That I've seen the last of you  
But the way that you loved me  
Girl, left me hopin' and holdin' on  
So until this world stops turning round  
And my heart believes you're gone

I breathe in I breathe out  
Put one foot in front of the other  
Take one day at a time  
'Til you find  
I'm that someone you can't live without  
Until then  
I breathe in and breathe out

We were meant to be  
Girl, there's no doubt  
And if it takes the rest of my life  
For you to figure it out
