

I'd Be Lying

Chris Cagle

If I told you I was wrong and wanted you to come back home
I'd be lying
And if I said that we could work it out and you shouldn't have
any doubts
I'd be lying
And if I got down on my knees in front of god above
And swore before the angels I'd give you my love

I'd be lying next to you tonight holdin' on to my whole life
Right back where I belong
Lookin' deep into your eyes, man enough to realize
Yeah honey, I was wrong
If I could swallow my pride and put myself in your shoes
And tell you that I understand why you feel the way you do
Then baby I'd be lying, I'd be lying next to you

And if I told you that I loved you and I'd put no one else above you
I'd be lying
And if I said that you're the one for me and I'd never set you
free
I'd be lying
And if I somehow found the strength to knock on your front door
And tell you face to face I won't hurt you anymore

If I could swallow my pride and put myself in your shoes
And tell you that I understand why you feel the way you do
Then baby I'd be lying, I'd be lying next to you
