

# Disappearing One

Chris Cornell

**E E/As Am Em/G F# F**

**E E/As Am Em/G**

What have you done, my little spark?

**F# F E D Am**

Cursing my name 'cause again I put you out

**E E/As Am Em/G**

Falling apart, you tell yourself you are

**F# F E D Am**

Dreaming only of the ones who never dream of you

**C G/B Am E/As**

I'm your disappearing one

**C G/B Am E/As**

Vanish when the curtain's drawn

**F D/F# E/As Am C/G**

But I will come again, and you will let me in

**F Fm/C B C**

And you'll see I never disappear for long

Into your room I stumble now

Too tired to cower and it's too late to draw you out

And there you lie like a painting of Christ

Bleeding on the HANDS of the ones who nailed you down

I'm your disappearing one

Vanish when the curtain's drawn

But I will come again

And you will let me in

And you'll see I never disappear for long
