

Grand

Chris Crocker

You took responsibility
Of me when I was 4
And you, you showed me the meaning
Of what family is for
And you, you had my back when
Others turned theirs

This is a song for you to always know
You have your grandson's love
This is a song for you to always know
I know how hard it was

You are the reason
They call grandmothers Grand
And if you ever need a hand
I'll be there 'cause
Cause you have me 'til the end
You are the reason
They call grandmothers Grand

You protected me
Like I was yours
And you, you always told me
One day I'd understand
And you, you held mold me
Into the person that I am

This is a song for you to always know
You have your grandson's love
This is a song for you to always know
I know how hard it was

You are the reason
They call grandmothers Grand
And if you ever need a hand
I'll be there 'cause
Cause you have me 'til the end
You are the reason
They call grandmothers Grand

We show our love in different ways
And sometimes we don't say it
But this is my way
My way of showing
In case you don't know it
I love you

You are the reason
They call grandmothers Grand
And if you ever need a hand
I'll be there 'cause
Cause you have me 'til the end
You are the reason
They call grandmothers Grand
