

Skin Deep

Chris Crocker

This ain't impulsive
This isn't bullshit
It's called love and I think I'm gonna do it
Keep your opinions
Till maybe never
I'm getting tattooed and cursing like a sailor

I'm living life on a higher cloud
'Cause you're the only one that calms me down
And as the needle stabs in and out
I realize how hard I fell

And yeah, I'm loving you skin deep
And yeah, I'm doing it in ink
Got your name tattooed on my heart
'Cause you gave me a brand new start
And yeah, I'm loving you skin deep
And yeah, I'm doing it doing it in ink

Don't wanna jinx us
Or even fix us
First loves are meant to change us
Yeah, I'll admit it
It's a commitment
We only live once so baby screw it

I'm living life on a higher cloud
'Cause you're the only one that calms me down
And as the needle stabs in and out
I realize how hard I fell

And yeah, I'm loving you skin deep
And yeah, I'm doing it in ink
Got your name tattooed on my heart
'Cause you gave me a brand new start
And yeah, I'm loving you skin deep
And yeah, I'm doing it doing it in ink

And now my friends are all flipping out
A frickin' laser couldn't burn this out
A little something to not forget
I'm loving you with no regrets

And yeah, I'm loving you skin deep
And yeah, I'm doing it in ink
Got your name tattooed on my heart
'Cause you gave me a brand new start
And yeah, I'm loving you skin deep
And yeah, I'm doing it doing it in ink

And yeah, I'm loving you skin deep
And yeah, I'm doing it in ink
Got your name tattooed on my heart
'Cause you gave me a brand new start
And yeah, I'm loving you skin deep
And yeah, I'm doing it doing it in ink
