

## No More Pirates

Chris Garneau

I'm all set  
The dock master wearing plad  
Dropped his ropes and locks  
To watch the ticker tape parade

And they're all glad  
Can you believe that  
The things they think they love  
Are all the things I know I hate

I don't want you pirates anymore  
I don't want these to dos what are they for  
I don't want you pirates anymore  
I don't want the lord to come again

I don't think the lord will come again  
Will come again

To believe in a religion  
You gotta pray for ones you love  
And pray for all the ones you hate  
like  
Your old boyfriends  
Your old girlfriends  
Your old husbands  
And your wives friends  
And your family  
And countries  
And countries

And enemies

I don't want you pirates anymore  
I don't want these to dos what are they for  
I don't want you pirates anymore  
I don't want the lord to come again

I don't think the lord will come again  
I don't think the lord will come again  
Will come again
