

BAD IDEA

Chris Grey

(It's a bad idea)
(It's a bad idea)
(It's a bad idea, oh)
(It's a bad i...)

Alone
We shouldn't be here alone
I don't have much self control
When I'm around you, oh
In my head
You should see what we do in my head
It's always you in my bed
(It's always you)

It's a bad idea
It's a bad idea
It's a bad idea, oh
Bring your body right here
Like there's nothing to fear
It's a bad idea

Know that in the morning, baby, I'll be gone
I might never leave if I stay too long
Wish it wasn't you but you're the one I want
Our bodies do the talking say what words cannot
'Cause we ain't got nothin'
Nothin' to say
Girl, we ain't nothin'
But a mistake
I just keep touchin'
Touchin' your waist
It feels like nothin'
Like nothing's changed, yeah
Right back
There's reasons
We let it fade
But I need to feel your touch
Even though
I know it isn't love

It's a bad idea
It's a bad idea
It's a bad idea, oh
Bring your body right here
Like there's nothing to fear
It's a bad idea

(It's a bad idea)
(It's a bad idea)
(It's a bad idea, oh)
(Bring your body right here)
(Like there's nothing to fear)
(It's a bad idea)
