

Collateral Damage

Chris Grey

Pushin' me away
Stronger than you pull me in
Scared of what to say
I'm at a loss for words again
You get in your own way baby
No you haven't been the same lately

I've been dodging bullets
Now I'm collateral damage
When you talk like this
No baby I don't speak your language
Got my heart right in your hands
And you're holding it hostage
I know you sabotage shit
But don't sabotage this

Don't sabotage this
No don't sabotage this
Don't sabotage this
No don't sabotage this
I love what we have
So don't sabotage it, no

You've been getting cold
But I know when you act like this
It's out of your control
Baby just try to resist
Doing things you can't undo
You don't know when things are bad for you
No this shit ain't healthy
But fuck it it's good
Toxic but we dive in
Even though we shouldn't
Girl you make me lovesick
Make it hard to function
There's nothing I wouldn't do

I've been dodging bullets
Now I'm collateral damage
When you talk like this
No baby I don't speak your language
Got my heart right in your hands
And you're holding it hostage
I know you sabotage shit
But don't sabotage this

Don't sabotage this
No don't sabotage this
Don't sabotage this
No don't sabotage this
I love what we have
So don't sabotage it, no

Fuck you on the counter
Where you're choppin up the yayo (yayo)
We both so addicted
To each other that it's fatal (fatal)

And I just can't keep track
Of all the times you went and changed up
Tell me that you want me
I don't care if it's just fake love
Yeah bitches on my line
But I just wanna hear from you
And they gon spend the night
But I just wanna lay with you
And now you got me where you want me
Baby, baby

I've been dodging bullets
Now I'm collateral damage (oh)
When you talk like this
No baby I don't speak your language
Got my heart right in your hands
And you're holding it hostage
I know you sabotage shit
But don't sabotage this

Don't sabotage this
No don't sabotage this
Don't sabotage this
No don't sabotage this (no)
I love what we have
So don't sabotage it, no
