

DIFFERENT

Chris Grey

She feels like a mistake
That I'm makin' every night
She doesn't numb the pain
But she can take you off my mind
I know that it's wrong
But baby, I still call you mine
I still call you mine

'Cause girl, I hate the thought
Of you with
Somebody else
Somebody else
And I know that it's wrong
'Cause I'm with
Somebody else
Somebody else
But it's so

Different, different
Different, different
I just wanna hold you close
I just wanna hold you close with no
Distance, distance
Distance, distance
Never should've let you go
Never should've let you go

My mind won't let me forget
The feeling of you on my skin
Time wasted with someone else
When you're the one I should be with
I feel all the regret
As soon as I touch her lips
Yeah yeah (yeah yeah)

Girl, I hate the thought
Of you with
Somebody else
Somebody else
And I know that it's wrong
'Cause I'm with
Somebody else
Somebody else
But it's so

Different, different
Different, different
I just wanna hold you close
I just wanna hold you close with no
Distance, distance (oh)
Distance, distance (no no no)
Never should've let you go
Never should've let you go

She feels like a mistake
Yeah yeah
She feels like a mistake

A mistake, yeah
She feels like a mistake
She feels, she feels
She feels like a mistake
That I'm makin' every night
