

Ride

Chris Grey

Lil baby wanna ride
Wanna fuck with a star
In the backseat pull over the car
She said "baby keep the doors unlocked"
No she don't give a fuck if we're caught
Runnin' my hand on her thigh
She said "I'm all yours for the night"
She came for the ride
She came for the...

Life out in LA
Hollywood air
Now lil baby tying up her hair
She don't wanna wait 'til we're there
She'll go anytime anywhere
She don't wanna take it slow
Fast life, Anna Nicole
Lil baby so bad and she know, she know
She's got them turning their heads
She lives her life on the edge
She's got the world in her hands
She don't need any man
Six inch heels stiletto
Composed but out of control
No she don't wanna be friends, no no

Lil baby wanna ride
Wanna fuck with a star
In the backseat pull over the car
She said "baby keep the doors unlocked"
No she don't give a fuck if we're caught
Runnin' my hand on her thigh
She said "I'm all yours for the night"
She came for the ride
She came for the...

Deep inside the hills (deep inside the hills)
That's where she's all for me
She make it hard to feel (make it hard to feel)
Like it's not meant to be
Fell in love for just a night (love for just a night)
But I know, I know that

Lil baby wanna ride
Wanna fuck with a star
In the backseat pull over the car
She said "baby keep the doors unlocked" (yeah yeah)
No she don't give a fuck if we're caught (no no)
Runnin' my hand on her thigh
She said "I'm all yours for the night"
She came for the ride (ride)
She came for the...
