RUN

Chris Grey

Why do you only see me with the lights off
Why do you only need me when you're friends are gone
Baby is there a reason or are you leading me on
(Leading me, me astray)

Why do you only call me when you're all alone
Keep yourself at a distance too much self control
Maybe it's just the only thing you've ever known
(You've been scared to love, yeah you been scared to stay)

Fuckin' and makin' love like they're one in the same
Soon as I touch your body the world fades away
Under your skin a wildness I tried to tame
(I tried to tame)

Oh baby, I know that you think you belong to the world
I know that you think you can run when it hurts
You're good at being on your own
Your own, own (yeah)
It tears me apart when you say you're not mine
Baby, did you start to believe in the lie
Ooh, I don't know
Know what you're running from

Caught in the line of fire you're a loaded gun
Got one foot out the door so you don't fall in love
I know you built these walls just to cover up
All of the pain, yeah

Fuckin' and makin' love like they're one in the same
Soon as I touch your body the world fades away
Under your skin a wildness I tried to tame
(I tried to tame)

Oh baby, I know that you think you belong to the world
I know that you think you can run when it hurts
You're good at being on your own
Your own, own (yeah)
It tears me apart when you say you're not mine
Baby, did you start to believe in the lie
Ooh, I don't know
Know what you're running from

Yeah yeah yeah, all you do is run
Oh oh, whatcha runnin' from
Yeah yeah yeah, baby, I know when you're scared
All you know how to do is run

(Run, run)
All you know how to do
(Run)
It's all you know how to do
(Run)
(All you know how to do is run)
(Run, run, run)
