

Seamless

Chris Grey

Can't get the thought of us out my mind
I'll risk everything we have to lose
Let's cross a couple lines tonight
I can tell that you've been waiting too

Ooh, sun rising we ain't even gone to bed
Your eyes are telling me to go again
We ain't ever going back to being friends, no

I can feel your heart beating
And I love the feeling
You call it a bad idea, you don't know the meaning
'Cause with you girl it's seamless (seamless)
Yeah, we don't have to try
Girl, it's just seamless (seamless)
Girl, it's just seamless

You might have to call in late to work in the morning
'Cause you been working overtime on the nightshift
Alarms are going off, we ignore them
You been spending all your time all on my

Ooh, sun rising we ain't got no rest
Your eyes are telling me what's next
We ain't ever going back to being friends, no

I can feel your heart beating
And I love the feeling
You call it a bad idea, you don't know the meaning
'Cause with you girl it's seamless (seamless)
Yeah, we don't have to try
Girl, it's just seamless (seamless)
Girl, it's just seamless (seamless)

If it's a bad idea
Then girl get your ass over here
I'll show you the meaning
What you've been fiending
Girl, it's just seamless

I can feel your heart beating
And I love the feeling
You call it a bad idea, you don't know the meaning
'Cause with you girl it's seamless
Yeah, we don't have to try
Girl, it's just seamless
Girl, it's just seamless

I can feel your heart beating
And I love the feeling
You call it a bad idea, you don't know the meaning (you call it, you call it
)
'Cause with you girl it's seamless (seamless)
Yeah, we don't have to try
Girl, it's just seamless (girl it's just, girl it's just, girl it's just)
Girl, we're fucking seamless

Girl, it's just seamless
Girl, it's just
