

# THE SHADOWS

Chris Grey

Red light  
Sirens  
Baby what's the fun without a chase  
Headlines  
Lyn'  
I know we'll be filling every page  
Keep it  
Quiet  
Everybody's got something to say  
(Secrets love to escape)

We're keepin' it on the low low low low low  
Only touch you when we're alone 'lone 'lone 'lone 'lone  
Nobody ever has to know know know know know  
What happens in the shadow-oh-ohs oh woah  
(In the shadows)

Your clothes  
My floor (yeah)  
Cuz my hands look better on your waist  
Bodies  
No control  
We're the lighting in the rain  
Heartbeat  
Echoes  
I can hear it pound in my brain  
(In my brain)

In the shadows you belong to me  
Shadows where we wanna be  
Only place that we call home  
Only place I can be yours  
In darkness hiding from the light  
Darkness covering their eyes  
Only heaven's watching

We're keepin' it on the low low low low low  
Only touch you when we're alone 'lone 'lone 'lone 'lone  
Nobody ever has to know know know know know  
What happens in the shadow-oh-ohs oh woah  
(In the shadows)  
(In the shadows)

Shadows long and creeping  
Fallin' through the air  
Never really sleeping  
Forbidden love affair  
Darkness thick and heavy  
Clouded state of mind  
Keeping secrets ready  
For they can never die

We're keepin' it on the low low low low low  
Only touch you when we're alone 'lone 'lone 'lone 'lone  
Nobody ever has to know know know know know  
What happens in the shadow-oh-ohs oh woah
