

Shout, Baby

Chris Holsten

(Shout, baby)

Oh, no
I never met someone like you before
Oh, with your baggy jeans just walking 'round town, yeah
You look good [?], but better on my floor

[?] close to me, feel your energy
Though I know you probably hear it all the time
I'm lost in you, with your style and attitude
And all I wanna do is call you mine

C'mon baby, [?]
Shout, baby
Shout, shout
Give me your love
Shout, baby
I just wanna call you mine
Shout, baby
Shout, shout
Give me your love
Shout, baby
I just wanna call you mine

You're timeless, just like you're a piece of art
Baby, you're perfect just the way you are
Even with your dirty kicks, you look [?]
Shit, you're a star
Turn to fantasy
To a memory
Tell me all the things that you might like
And all I do is picture me and you
And all I wanna do is call you mine

Shout, baby
Shout, shout
Give me your love
Shout, baby
I just wanna call you mine
Shout, baby
Shout, shout
Give me your love
Shout, baby
I just wanna call you mine
(Shout, baby)

Come close to me, with your energy
Though I know you probably hear it all the time
I'm lost in you, with your style and attitude
And all I wanna do is call you mine

Shout, baby
Shout, shout
Give me your love
Shout, baby
I just wanna call you mine
Shout, baby

Shout, shout
Give me your love
Shout, baby
I just wanna call you mine
Shout, baby
Shout, shout
Give me your love
Shout, baby
I just wanna call you mine
