

Can't Do A Thing (To Stop Me)

Chris Isaak

Here I go again, dreaming, here I go again.

(Can't do a thing to stop me now)

(Can't do a thing to stop me now)

Having a good time baby, wish you were here.

Thinking about you baby, it feels like you're near,

And you can't do a thing, to stop me.

(Can't do a thing to stop me now)

No you can't do a thing, to stop me.

(Can't do a thing to stop me now)

Days can be lonely, nights dreams come true.

Making love with somebody, exactly like you.

And you can't do a thing, to stop me.

(Can't do a thing to stop me now)

No you can't do a thing, to stop me.

(Can't do a thing to stop me now)

Oh try.

(Can't do a thing to stop me now)

Can't do a thing to stop me

(Can't do a thing to stop me now) Oh.

(Can't do a thing to stop me)

Couldn't stop myself if I tried.

Because I got you too deep inside.

And you can't do a thing, to stop me.

(Can't do a thing to stop me now)

No you can't do a thing, to stop me.

(Can't do a thing to stop me now)

Try.
