

Dream Deferred

Chris Isaak

Every night I dream about her
She doesn't know how much I love her
She doesn't know I feel this way
'Cause she's never heard me say
I love you, I love you

Once she had a man who loved her
Say he left her for another
Now when she looks off faraway
Hurts me, and I wanna say
I love you (and I will always love you) forever
And I would never let you go (I would never go away)
No, nothing won't mean nothing 'til you're mine
But until I find a way
To let you know in dreams I'll say
I love you (and I will always love you) forever

And I would never let you go (I would never go away)
No, nothing won't mean nothing 'til you're mine
But until I find a way
To let you know in dreams I'll say
I love you (and I will always love you) forever
(I will always love you) forever
(I will always love you) forever
