

# Everybody Knows It's Christmas

Chris Isaak

Well, the stars on the tree and the tinsel's hanging down  
There's presents underneath and the kids all comin' 'round  
'Cause everybody knows, everybody knows it's Christmas  
Now mama's in the kitchen, and she's fixin' up a plate  
Papa's in the tool shed, workin' real late  
'Cause everybody knows you gotta make a gift for Christmas

Ho, ho, ho, ho, here we go  
It's Christmastime  
Ho, ho, ho, ho, here comes the snow  
It's Christmastime

There's a chill in the air, and the world feels fine  
The snow's coming down and it's finally Christmastime  
Everybody knows, everybody knows it's Christmas

Ho ho ho ho, here we go  
It's Christmastime  
Ho, ho, ho, ho, here comes that snow  
It's Christmastime

Ho, ho, ho, ho, here we go  
It's Christmastime  
Ho, ho, ho, ho, here comes that snow  
It's Christmastime
